46th	England	Channing
47th	Scotland	Greenwood Academy
48th	England	The Palmer Catholic Academy
49th	England	Durham Johnston Comprehensive School
50th	Scotland	Jordanhill School

UK Government

About the Cyber Explorers Cup 2025

Cyber Explorers, an initiative led by the UK Government, is an online learning programme for cyber security and is a free resource for young people. This year, we were delighted to run the Cyber Explorers Cup for the second time. The competition is an innovative experience designed to ignite a passion for cyber security among students aged 11-14 across the UK. This unique contest offers a blend of education, technology, and excitement, aiming to challenge young minds and introduce them to the ever-evolving world of cyber security whilst providing experience in critical thinking and teamwork.

The competition premise was a crucial mission for students to help the Cyber Squad secure their cutting-edge headquarters before it could be launched. In a race against time to become Champions, there were challenges to tackle in three essential areas: People, Processes, and Technology. Each victory unlocked new puzzles and cyber security tasks, pushing skills to the limit in a race to make the Cyber Squad's top-secret systems safe.

Schools across the UK each had the opportunity to enter teams into available time slots during the five-day competition period of 31 March 2025 to 4 April 2025.

Home schoolers competed individually in their own category. The competition unfolded over multiple 1-hour slots, with the fastest and most accurate securing victory.

Competition winners from each nation will receive tech vouchers for their school to purchase IT equipment (£2000 worth for winning schools and £1000 worth for home schools). They will also be treated to an engaging half-day Careers Day at their school, hosted by Cyber Explorers ambassador and TV personality, Baasit Siddiqui. Schools and home schools will receive a licence to the QA Learning Platform.

For any questions about the Cyber Explorers Cup, please get in touch with us at hello@cyberexplorers.co.uk
